About voterlookup.ca

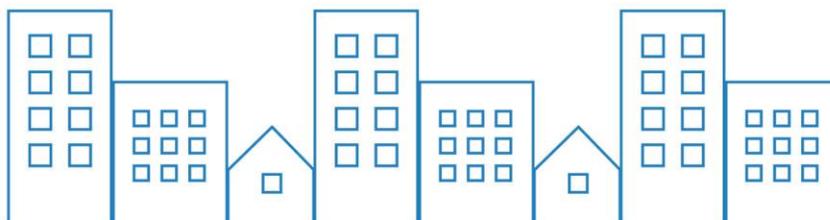

In 2014, the Municipal Property Assessment Corporation (MPAC) introduced voterlookup.ca, an online service used to build and maintain information that will be used in the preparation of the final Voters' Lists across Ontario. Through voterlookup.ca, Ontario residents could find out whether their information was accurately reflected on MPAC's Preliminary List of Electors for the municipal and school board elections. Eligible electors could also update or change their information, add a name to an address, or change their school support.

In support of the 2018 municipal and school board elections, MPAC is again launching voterlookup.ca to promote a platform that allows Ontarians to take an active role in maintaining accurate and up-to-date electoral lists.

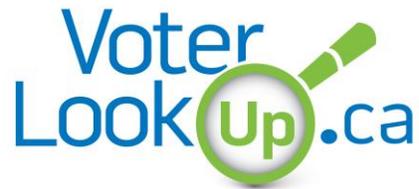

In 2014, we learned that Ontario residents look to their municipality for information about municipal elections. We feel that through a collaborative approach we can build and maintain stronger and more accurate Voters' Lists.

Based on key learnings from 2014, MPAC has compiled the following messaging and marketing information designed to assist you in promoting voterlookup.ca to members of your community so they may confirm and/or update their elector eligibility.

We all play a role in ensuring a fair electoral system, and voterlookup.ca engages electors to ensure their information is accurate for inclusion in the Preliminary List of Electors. With your help and support, we can improve the enumeration process, and most importantly, better serve all Ontarians.
