

PUBLIC NOTICE

RE: TEMPORARY WATER SAMPLE DROP OFF LOCATION

Due to the large number of residences affected by the recent flooding, The Township of Killaloe, Hagarty and Richards and The Renfrew County District Health Unit are partnering to help create a more convenient water sampling procedure for residents affected in the KHR Township.

Until **June 1st, 2017** the township office at 1 John Street, Killaloe, Ontario will be designated as an additional drop off location for your water sampling bottles. The Health unit has agreed to pick up samples on Tuesdays and Thursdays at 2:00PM at this location.

Note: all water samples must be taken on the same day they are dropped off, either Tuesday or Thursday by 2:00PM.

Please accurately follow the sampling guidelines that are attached to your water sampling bottle.

Alternatively you may call the health unit or visit their website at <http://rcdhu.com/healthy-living/safe-water/> for regular drop off locations that are available to you throughout the year.
