PUBLIC CONSULTATION EVENT

MUNICIPAL SOLID WASTE MANAGEMENT STRATEGIC PLAN

TOWNSHIP OF KILLALOE, HAGARTY AND RICHARDS
KILLALOE LIONS HALL, KILLALOE, ONTARIO

August 8, 2009

The Township of Killaloe, Hagarty and Richards appreciates your input and comments concerning the development of a Municipal Solid Waste Management Strategic Plan, which is currently being initiated with the objective of developing a long-term solid waste management solution for the Township.

In order to collect input from interested parties, the Township has prepared this questionnaire. Please complete and place this questionnaire in the box provided at the Public Consultation Event. If you are unable to complete the questionnaire before leaving the meeting, please mail, fax, or submit your completed questionnaire at the Township office on or before August 21, 2009. The Township thanks you for your interest in this important project.

As part of the public consultation component of the Municipal Solid Waste Management Strategic Plan, the Township of Killaloe, Hagarty and Richards requests that you provide your personal input towards the following questions.

General Information

1. Are you a resident/ratepayer in the Township of Killaloe, Hagarty and Richards:

Permanently Seasonally

Other: _____

2. How many people reside in your household? _____

3. Where/how do you manage the solid waste you generate?

Killaloe site (Mask Road)

Red Rock site (Beechnut Lake Road)

Round Lake site (Sunrise Road)

Curbside (Village of Killaloe)

Municipal Hazardous Waste Event Days

Backyard Composting

Backyard Burning

Other _____

Waste Diversion

4. Do you participate in the Township's blue-box recycling program?

Yes No

5. Do you participate in the Township's organic waste diversion program at the Killaloe depot site?

Yes No

6. Does your household/business have curbside collection?

Yes No

If No, would you recycle more if curbside collection existed in your area, as opposed to using the recycling depot facilities at the Township's waste sites?

Yes No

7. Would you be willing to pay for an enhanced recycling program (i.e. additional materials accepted, expanded curbside collection), if the program were available to the Township?

Yes No

8. In order to encourage recycling, would you be in favour of a bag limit for garbage?

Yes No

9. Do you presently 'backyard compost' organic waste and yard waste?

Yes No

10. Do you believe more could be done to improve diversion of waste from landfilling?

Yes No

If yes, what would you suggest?

Long-Term Waste Management Alternatives

11. After all feasible quantities of waste are diverted, what is your preference for managing solid waste generated within the Township?
- Landfill – new site development
 - Landfill – existing site utilization/expansion
 - Export outside of the Township
 - Incineration technology
 - Do nothing
 - Other: _____
12. What type of environment potentially impacted by the proposed Alternatives do you feel is most sensitive? **(Please choose 1 of the following)**
- Surface and Groundwater (water quality and flow, drinking water resources, etc.)
 - Land (uses, zoning, etc.)
 - Natural Environment (protected natural areas, wildlife habitat, etc.)
 - Socio-economic Environment (economics, business impact, taxation, etc.)
 - Air and Noise (air quality, noise, etc.)
 - Heritage and Culture (heritage features, archaeological values, aboriginal interests, etc.)
 - Other – please specify: _____

Summary

13. Are the facilities and services provided by the Township sufficient for managing your solid waste needs in your area of the Township?
- Yes No

Please provide any additional comments:

14. Are you satisfied with the current level of waste management services offered overall in the Township?
- Yes No

If No, what in your opinion could be done to improve the level of service offered?
