# You Can Now Report More Crimes Online 99 Per Cent Increase in Online Reports

(ORILLIA, ON) – The Ontario Provincial Police (OPP) encourages citizens to report even more crime online. From January 1 to May 20, 2020, there was a 99 per cent increase in online reports, compared to the same period last year. As Online Reporting usage has grown, the OPP has expanded the system to include more options for citizens.

Previously, reports made online were limited to crimes under \$5000. Now crimes regardless of value; where there is no evidence or suspects, are eligible for Online Reporting:

- Theft;

- Mischief / Damage to Property;
- Mischief / Damage to Vehicle;
- Theft from Vehicle;
- Lost / Missing Property;
- Stolen License Plates and/or Validation Tags; and
- Driving Complaints (after the occurrence)

To see the list of less serious incidences for Online Reporting and to access the system, a user can go to opp.ca/reporting, choose their location and start your report. This will take the user to a secure link where they will be given precise instructions on how to fill out the report.

The OPP would like to thank the public for using Online Reporting. The increased use of Online Reporting helps reduce the spread of COVID-19 by limiting direct contact between police and members of the public, while allowing front line officers to focus efforts on urgent calls and crime prevention strategies within our communities.

## CHCR – Canadian Homegrown Community Radio

### Big things are happening at CHCR

Canadian Homegrown Community Radio! 102.9FM / 104.5FM and [www.chcr.org](http://www.chcr.org) So what's going down at CHCR? We are very excited to tell you about the following initiatives:

1. We are replacing the old dinosaur known as our mixer with a sweet, smooth sounding, full stereo mixer that is sure to impress with its user friendly interface and beautiful sound quality.

2. We are updating the logger system with a new program called "Radio Boss" that will allow us endless customization and the opportunity to finely tune operations so we can bring you the best quality community radio programming possible! This program is a dream and will make it much easier for DJs to produce shows all while stream lining operations at the station. No more endless loops and errors, this system is the Boss!

3. Finally we are renovating the studio to make it more functional, with new equipment being added to

complement the new mixer!
