## Municipal Elections

### Eligibility to Vote

You are eligible to vote in the election for municipal council if you meet all of the following requirements: you are a Canadian citizen; you are aged 18 or older, you qualify to vote in the municipality.

### There are three ways that you can qualify to vote in a municipality

1. As a resident elector if you live in the municipality. You may own, rent, live in shared accommodation where you do not pay rent or live in the municipality but do not have a fixed address.

2. As a non-resident elector if you own or rent property in a municipality, but it's not the one where you live. You can be a resident elector in only one municipality. However, you can be a non-resident elector in any other municipality

(or municipalities) where you own or rent property.

3. As the spouse of a non-resident elector if your spouse owns or rents property in the municipality or municipalities other than the one where you live.

### Students

There is a special rule for students who may be living away from home while they attend school. If you are a student and consider your "home" to be the place where you live when you are not attending school (that is, you plan on returning there), then you are eligible to vote in both your "home" municipality and in the municipality where you live while attending school.

### Wards

If your municipality has wards, you must vote in the ward where you live.

If you are also the owner or tenant of a property in another ward, you are not permitted to vote in that ward instead.

If you are a non-resident elector and you own or rent properties in more than one ward in the municipality, you must choose one ward to vote in. Make sure that you are on the voters' list for that qualifying address.

### School Board Elections

School board elections are held at the same time as municipal elections. You are permitted to vote in the same school board election only once. You are eligible to vote in the election for a school board if you meet all of the following requirements: you are a Canadian citizen, you are aged 18 or older, you qualify to vote for that particular school board.

# Municipal Elections (Continued)

## Voters' list and identification

Your name must be on the voters' list in order for you to cast a ballot. The voters' list for each municipal election is prepared from data kept by the Municipal Property Assessment Corporation (MPAC).

## Adding your name to the voters' list

The voters' list becomes official on September 1.

After September 1, you must apply to your municipal clerk if you want to add your name to the list or correct your information. You have until the close of voting on October 24 to apply for any changes, if you want to change your school support, you must contact MPAC.

If you are applying to add your name to the voters' list, you will be asked to provide proof that you are eligible to vote.

Beginning January 1, 2024, the Chief Electoral Officer and Elections Ontario will be responsible for managing a single registry of electors for both provincial and municipal elections.

## Removing a name from the voters' list

The voters' list is a public document. If you do not want your name to appear on the voters' list

you can apply to the clerk to have your name removed. If you remove your name from the list, you will not be able to vote.

You can also apply to the clerk to remove the name of someone who is deceased. You cannot

ask for someone else's name to be removed from the list for any other reason.

## Showing identification before you vote in person

When you arrive to vote in person you must show

identification to prove that you are the person whose name appears on the voters' list.

## Examples of identification include:

Ontario driver's licence, Ontario health card (if your name and address are printed on the card), mortgage, lease or rental agreement, insurance policy, credit card statement, bill for hydro, water, gas, telephone, internet.

A Canadian passport is not an acceptable identification document because you write your address inside your passport yourself. See the full list of acceptable documents. If your name is on the voters' list and you do not have identification, you may fill out and sign a

Declaration of Identity (Form 9) that you are the person whose name appears on the list.
